A. PROJECT REVIEW (FUTURE AGENDA ITEMS)

A-1. **CONDITIONAL USE PERMIT NO. 07-039/ ENVIRONMENTAL IMPACT REPORT NO. 07-002 (HUNTINGTON BEACH SENIOR CENTER) - Jennifer Villasenor, Associate Planner**

Jennifer Villasenor, Associate Planner, gave a presentation and reported on the project details and issues related to the Conditional Use Permit. She noted that all property owners who live within 1,000 feet of the proposed site will be notified of the December 11th Planning Commission meeting.

Commissioner Shaw asked if the project would be Leed Certified and staff replied that since the project budget is not yet finalized, the project components are unknown.

Commissioner Speaker stated that on three previous trips to the Fountain Valley Senior Center, he noted that all twelve handicapped parking spaces were filled and said that he doubted if the fourteen proposed handicapped spaces at the Senior Center would be sufficient.

Commissioner Shaw raised the issue of pedestrian safety and staff stated that the traffic analysis would take into consideration the slower walking speeds of senior citizens.

Commissioner Livengood requested more details on the project's proposed landscaping prior to the Planning Commission meeting on December 11th.

General discussion ensued regarding ADA parking and handicapped parking spaces, hours of operation and landscaping.

Chairman Scandura reported that he is disappointed that there seems to be little to no Green Building/Leed Certification involved in the project.

Commissioner Dwyer asked about the Senior Center revenues and staff replied that fees would be charged for room rentals and after-hour activities.

Scott Hess, Director of Planning, addressed the Planning Commission and stated that for the approval of the CUP, land issues (not financial) were to be taken into consideration. He also stated that after the CUP review, the project (with construction costs) would go before City Council and that policy decisions rest with the Council.

Commissioner Shaw congratulated the Council on Aging for the beautiful building design of the Senior Center.
